**BIG BREAKING NEWS !**

The day after Thanksgiving we heard the news....Dewey and Daisy (AKA John and Monica) will have a little clown. Dewey Jr. or Little Daisy is schedule to arrive July 1 2005. That Will interrupt our VBS schedule, we will deal with that later.

We are all **EXCITED !!!!!** That will be Grandchild number 12. I am brushing up on my spoiling skills.

From a Chapel message preached at Bob Jones University in 1999.

Dr. Leon Foote continued his message on "The B-I-B-L-E, Yes, That's The Book For Me"

The Bible is a book of blood. It is also a Book of instruction and a Book of blessings (Deut. 29). God **longs to bless** His people. It is a Book of love, emphasizing God's love for mankind and the need of man to love God and the souls of men. It is a Book of Eternity. The eternal God breathed life into man and made him an eternal soul. There is an eternal Heaven and an eternal Hell. . . .

The Bible gives instruction for all areas of life and tells how to live like a Christian. If an unsaved person sees how you talk and act, will he say, "That's what a Christian is!" or will he say, "That's what a Christian is?"

It's not enough to know what the Bible says and believe it. **It's time to obey and practice it.**

Preached Feb. 3, 1999

**My Grandson , Joshua will be going on a missionary trip with me to Alaska Feb. and March 2005.**

**We both need and appreciate your prayers.**

## OLE DOC ANSWERS:

Q. What kind of preaching is most needed today?

A. In the book of Jude (N.T.) he said that in his time it was more needful to preach that one earnestly contend for the Faith. That is also still needed, but I believe that the greatest need for today is to hear from our pulpits a strong message against SIN. The sins of the saints, and the sins of sinners. If we are again to see Old Time Revival, we must get the psychology out of the pulpit. Forget the "Do Good" and "How To" preaching that has not helped either. Today we need **strong, uncompromising preaching that will shake saint and sinner.**

The French statesman, Alexis de Tocqueville (1805-1859) studied the workings of democracy in the early part of the 19th century in order to understand America's success. He then wrote:

*"I sought for the greatness and genius of America in her commodious harbors and her ample rivers, and it was not there. I sought for the greatness and genius of America in her fertile fields and boundless forests and it was not there. I sought for the greatness and genius of America in her rich mines and her vast world commerce, and it was not there. I sought for the greatness and genius of America in her public school system and her institutions of learning, and it was not there. I sought for the greatness and genius of America in her democratic congress and her matchless constitution, and it was not there. Not until I went into the churches of America and heard her pulpits flame with righteousness did I understand the secret of her genius and power. America is great because America is good, and if America ever ceases to be good, America will cease to be great."*

*Are there signs today that America is ceasing to be good?*
