GOAL REACHED!

First, I want to personally thank those of you who took part in the project of replacing the burned-out car of Pastor P. Mathai in Kerala State India. Brother Mathai is a faithful local church pastor whose ancient deteriorating automobile caught fire and burned. Brother Mathai had used his car to accomplish his goals of evangelization and church planting among the poorer people of India. We prayed about replacing his car months ago, but with the fire, "thinking about it" became "do something about it now!" We sent word out in our monthly newsletter under the Extra!, Extra! Page and God's people rallied around the need. It was my joy to inform Pastor Mathai that the Lord had provided the funds for him to order the new vehicle. Here is his response: **"Warm greetings to you in the matchless name of our Saviour Jesus Christ! With tears of immense gratitude, I am writing. As Dr: Barry Webb introduced us to you and informed you of our dire need, you responded with concern and love. Thank you very much for your support. May the good Lord fill you with an abundance of His choicest bounty. Let us continue striving together for Him and His glory. Again, my hearty thanks to you for all the concern and help towards me!"**

Thank you!
Yours faithfully,
Pastor P. Mathai"

This new vehicle will allow Pastor Mathai to expand his work. It will allow him to visit and continue to develop new areas of ministry. It will help him to carry supplies to needy people. He can use the van to transport the sick and ageing to facilities where they can be treated. He will be able to carry sound equipment with which to conduct gospel meetings so that all can hear the good news of salvation! We are still praying that the Lord will raise up a church or individual that would take Brother Mathai on for monthly support. There are many needs to be met. If you are interested in supporting Pastor Mathai, please contact me and I will try to answer any questions you may have.
